UNIVERSITY OF TORONTO  
FACULTY OF MEDICINE

*Toronto, Canada,* February 16th, 1915.

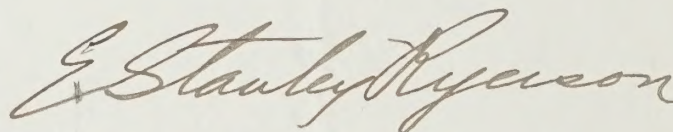

President Falconer,  
University of Toronto.

Dear Mr. President:-

In compliance with your request I enclose herewith a list of the men of the final year in Medicine who have volunteered with No. 2 Casualty Clearing Station and who are to be recommended to the Senate for their degree of M.B.

As yet the full strength of the Unit has not been made up, so that it is probable that a number of other names may be added to this list within the next few days, to make the full complement of Medical students.

Yours faithfully,

Assistant Secretary.
